1. All pending claims 20-24 are allowed. Claims 20 and 21 are independent.

2. The following is an examiner's statement of reasons for allowance:

All previously rejected claims have been canceled.

Claims 20-24 were indicated allowed in the previous Office action dated September 27, 2004. The claims remain allowable after the updated search.

Claims 20-24 are allowable over the prior art of record because the prior art does not teach a light bulb that possesses a greater density of phosphorescent material at distal portions of the bulb than the central portion thereof, the central portion emitting light of lesser intensity than the distal portions as claimed in claims 20 and 21. Claims 22-24 depend upon claim 21.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
